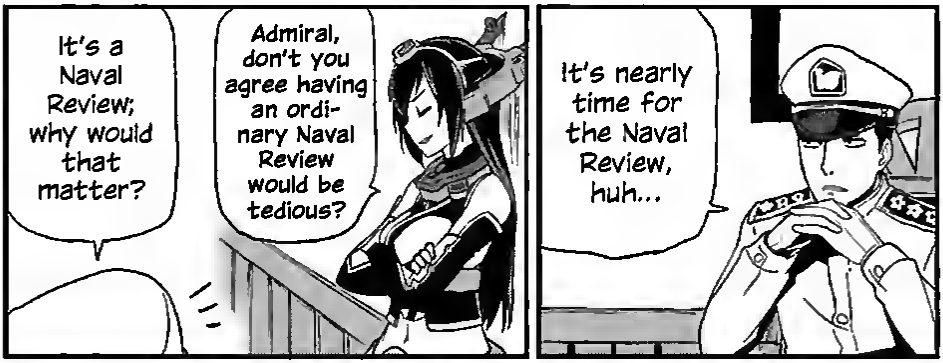
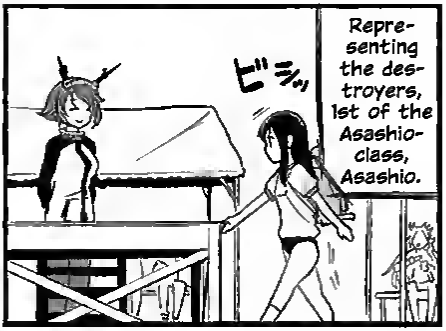
Sports Day! Everyone, Set Sail!

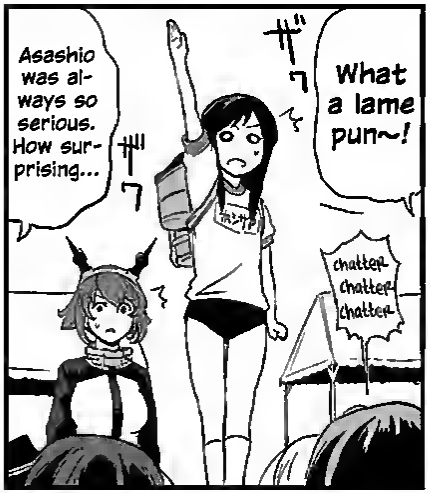


It's a Naval Review; why would that matter?
Admiral, don't you agree having an ordinary Naval Review would be tedious?
It's nearly time for the Naval Review, huh...

To uphold the spirit of sportsmanship...
We ship girls gathered here today do swear...



Representing the destroyers, 1st of the Asashio-class, Asashio.



Asashio was always so serious. How surprising...
What a lame pun~!

...Why is it that this festival is limited to destroyers anyway?
Hm... Perhaps it's simply the preference of the organizer.

Alright Yukikaze, we'll go with you as our flagship!
This is summat like diamond formation, innit?
Take your positions and get ready to seize as many of the enemy team's head bands as you can!
This way!
Umm...
Yukikaze, we're counting on you to be the rudder.
Ah!
You hold chopsticks with your starboard hand!!
You can't just say "this way", you have to say port or starboard! We can't see down here.
...Looks like we're catchin em' all anyway, so's it really matter?
Ah!

Aahhh... The complaints are already here...!
We've received a lot of telegrams from the other bases...

Looking forward to next time.
